

Experience the Unforgettable

Thermal Palms®

Massage

Soft hand held heat modalities

Thermal Palms® Massage

A convenient
alternative to hot
stone massage. Ideal
for mobile services.

Thermal Palms are soft hand held heat modalities that mould to the contours of the body during massage.

Incorporate Thermal Palms massage into your existing practice or spa menu with the most advanced hand held heat modality in the industry.

This professionally produced video demonstrates how to make *Thermal Palms*® and explains the key elements to provide a safe and effective *Thermal Palms* massage.

Presented by the creator of *Thermal Palms*, Huguette Long, RMT, guides you every step of the way while demonstrating a full body *Thermal Palms* massage routine.

**Thermal Palms are Portable for House Calls.
Thermal Palms kit sold separately
Running Time: 48 minutes**
